Washington, DC 20515

February 26, 2019

Assistant Secretary R.D. James
U.S. Army Corps of Engineers
441 G Street NW
Washington, DC 20314-1000

Dear the Honorable R.D. James,

I write you today to express my sincere gratitude for the U.S. Army Corps of Engineers' willingness to work with Harris County Flood Control District to find a mutually acceptable framework to implement Sec. 1043 of the Water Resource Development Act of 2014, for the Clear Creek Project.

As I'm sure you are well aware, the Clear Creek Project is vitally important to the Houston region and will provide needed flood protection to thousands of homes.

As the next hurricane season quickly approaches, I ask for the U.S. Army Corps of Engineers to expediently work with Harris County Flood Control District to reach an acceptable framework that will work for all parties before the sections expiration date of June 10, 2019.

Sincerely,

A handwritten signature in blue ink that reads "Pete Olson".

Pete Olson
